

Entrusted every day to power the payments your citizens rely on most

For nearly three decades, AllPaid has powered the payments your citizens rely on most. Trusted by 3,500+ agencies, we deliver every dollar, every time – with real people ensuring accuracy, accountability, and the confidence communities need when it matters most.

Who We Serve

AllPaid partners with government teams of every size – helping departments move from paper to proven digital payments and enabling counties to unify systems citizens trust every day.

Departments shifting from paper to secure digital payments.

Agencies unifying systems for a seamless citizen experience.

Every department. Every payment. Every citizen served.

Courts & Clerks

Court fines, citations, traffic payments, child support, probation, filing fees, vital records, passports, marriage and birth certificates.

Sheriff / Jail / DOC

Cash bond and bail, restitution, probation and monitoring fees, fingerprints, gun permits, and offender registration.

Treasurers & Finance Offices

Property, school, and business taxes; sewer and water payments; solid waste and recycling fees; FOIA and code enforcement.

City & County Administration

Permits and licensing, planning and zoning fees, utilities, recreation programs, cemetery fees, and facility rentals.

Public Safety & Emergency Services

Ambulance billing, ordinance violations, accident reports, and cost recovery.

The Challenges You Face. The Confidence AllPaid Delivers.

Disconnected systems. Diminishing trust.

Outdated portals and manual reconciliation create confusion, delay deposits, and erode citizen confidence.

Reliability that citizens expect — and governments can't afford to lose.

When payments fail — even once — public trust falters. Guaranteed uptime restores confidence.

Accountability can't stop at the point of transaction.

Every dollar must be verified, delivered, and reconciled — not just processed.

Modernization without disruption.

Agencies aren't afraid of change — they're exhausted by doing more with less. True partnership makes progress possible.

Results That Build Public Trust

99.99% uptime

Every payment processed — every dollar delivered.

97% same-day support resolution

Real people answering when it matters most.

70% faster reconciliation

Audit-ready accuracy built for government accountability.

<30 days to go live

Modernization without downtime, disruption, or risk.

The AllPaid Difference

Guaranteed fund delivery — every dollar reconciled and accounted for

Trusted longevity — 27 years of uninterrupted public-sector service

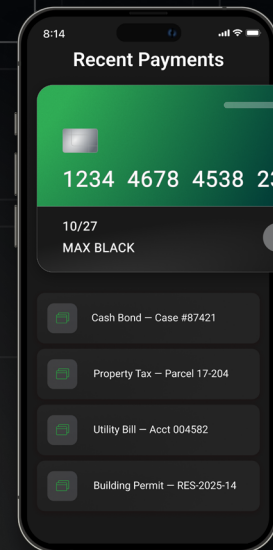

Audit-ready transparency — full traceability across every jurisdiction

Human partnership — real people who answer, resolve, and guide

Secure and compliant — PCI Level 1 + SOC 2 verified

You serve your community. We'll handle the payments.

Partner with real people committed to delivering every dollar, every time.
